### **DETAILED ACTION**

This office action is a response to the amendment filed on 12/27/2004.

#### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as a process of forming an inorganic insulation layer having a main magnetic pole forming groove on the insulation layer, the inner width of the groove in a track width direction gradually increasing in accordance with the distance from the auxiliary magnetic pole layer on the opposing face portion (as shown in Fig. 12), and the main magnetic pole forming groove having a given depth from the opposing face to the back of the opposing face. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-12 are allowed.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul D Kim whose telephone number is 571-272-4565.

The examiner can normally be reached on Monday-Friday between 8:00 AM to 4:00 PM.
